

**Severe Weather Planning For:  
Tyler County Residents**

**Hurricane Watch and Hurricane Warning**

**Hurricanes are unpredictable. They can change direction and increase in size in just a few hours. Or they can become disorganized and fall apart.**

**A Hurricane WATCH means that a hurricane is about 36 hours from making LAND FALL.**

**A Hurricane WARNING means that a hurricane will hit the WARNING area within 24 hours.**

**When these storms enter the Gulf of Mexico, monitor the news and radio stations. Be prepared to secure your belongings and be ready to Evacuate.**
