# *Budget Purpose*

## **Purpose of the Annual Budget**

The County's budget is the plan of operations for the fiscal year, together with revenue estimates required to fund that plan.

The Annual Budget determines the quality and quantity of governmental services and the method of distributing those costs to the various segments of the community through the collection of taxes and fees.

The budget is more than just the financial plan for raising and spending money to operate the county government. It determines the operating services to be rendered by the departments, the level of these services, and capital outlays for the fiscal year.

The budget also brings together in one document a detailed explanation of anticipated revenues, identified by source, which will be used to finance county operations throughout the ensuing year.

The Adopted Budget should place before the people of Tyler County a clear and concise summary of the services to be rendered by their county government.

A review of the budget requests by the County Judge with the assistance of the County Auditor presents an opportunity for detailed analysis of departmental organization structure, operating methods and work programs.

Presentation of the Budget to the Commissioners Court provides each department head and elected official the opportunity to explain proposed programs and focus attention on problems, services, and programs that require Commissioners Court action or support for their ultimate solution.

In reviewing the budget, the Commissioners Court has the opportunity to evaluate the adequacy of proposed operating programs, to establish the level of services to be rendered, to determine basic organization and personnel staffing patterns, and review any changes to the County's classification and compensation plan.

Adoption of the budget is the Commissioners Court's most important policy decision of the entire year, and it provides the legal basis for expenditure of funds to accomplish those policies.

# Budget Process

## Requirements of Law & Sound Financial Management

A substantial portion of the budget process, as with most aspects of County government, is set out in State law. In accordance with the law, the County Judge serves as the Budget Officer and establishes administrative procedures not provided under the law. A narrative summary of the County's current budget process is presented below.

The County Judge, along with the County Auditor, prepares an annual budget for presentation and approval by the Commissioners Court. Notices, budget request forms and a proposed budget planning calendar are distributed to Elected Officials and Department Heads, who are responsible for preparing a departmental budget request and submitting the same to the County Judge, along with supporting documentation.

The County Auditor estimates historical revenues and beginning fund balances for use in conjunction with information obtained from various County offices. The County Judge compiles and analyzes budget requests and estimated revenues, conducting budget review meetings with departments and the County Auditor.

A preliminary budget is submitted to the Commissioners Court and budget workshops are held with individual departments, if requested. A proposed budget is filed with the County Clerk, for public inspection and a tax rate is proposed to support that budget, based upon the Tax Assessor/Collector's publication of the "Effective Tax Rate."

Notice of the proposed tax rate is published in the local newspaper and on the County's website and when required public hearings are held to receive comments of the proposed budget and on the proposed tax rate. Changes warranted by law and/or required in the interest of taxpayers are made, the budget is adopted and a tax rate is set. The approved budget is filed with the County Clerk and the County Auditor.

Departments submit requests for budget amendments and revisions to the County Auditor, who shall review for conformity to statutes and appropriateness within the scope of budget objectives—making recommendation to the Commissioners Court, as required. The Commissioners Court maintains sole authority for amending the budget.

Departments may receive added incentives for efforts in cost effective measures during the budget year. Certain "budget balances" may be carried forward (through the budget process) to allow and encourage departments to save toward larger expenditures. Road and Bridge departments are probably the most effected by the "budget carry forward" issue, as larger balances may occur.

The County Auditor monitors expenditures of the various Departments and Funds to prevent expenditures from exceeding budgeted appropriations and sends a monthly financial report, including budget to actual expenditures, to the Commissioners Court, Elected Officials, Department Heads, and the District Judges.

A calendar summary of the budget process and the timing of activities are depicted on the table on the following page.
