REAL PROPERTY IMAGING AGREEMENT

Tyler County Real Property Images will be sold to entities requesting them, provided we have a written request for the time period wanted and the required fee is enclosed. Our fees are \$30.00 per month but could be subject to change depending on how large the files are. The images are burned in a .PDF format on CD. If you prefer an external hard drive it **must** be sent to us **new** and in an **unopened package**. You must have an Adobe Acrobat Reader to be able to view them. The images are assigned a number through the software program. A report is at the end of each set of files burned and lists the ID number. This is the only method we have. Unfortunately, we do not have the resources to provide different types of files. When you purchase these images you cannot receive a refund if you see that they are not compatible with the software or system you use. They are purchased "as is". This is why we suggest that you purchase only one month to start with and see if it is what you need.
